

Color, B&W, Golden Sepia (yellow-brown)  
& Standard Sepia (red -brown)

### WATERCOLOR Prints

Available on:

\* **Somerset Velvet Radiant White**

Whitest paper with a soft velvety texture

\* **Arches Cold Press**

Slightly off white paper with texture

\* Available in sizes 4x5 to 30x40

\* Storyboards are available

\* Substantial discounts on any additional watercolor prints ordered per image

### Iris Giclee

An Iris Giclee print is a masterfully created digital fine art print. This precise technical craftsmanship or this process will turn your image into a museum-quality print. You will be proud to hang this uniquely finished iris giclee print in your home for generations to cherish.

Iris Giclee prints have a rich deeply saturated color and an unmatched three-dimensional quality. They are printed on acid-free, uncoated, 100% rag, heavyweight watercolor papers, and the very highest quality canvas.

### CANVAS & STRETCH MOUNTING

#### Fine Art Canvas (canvas)

Beautiful gelatin coated canvas

\* Available in sizes 11x14 to 30x40

\* Solid wood Douglas fir Bars & Tuck-n-Roll staple-less method used

\* Canvas includes 1 ½ border for stretch

#### UV Protective Coating is included.

UV Coating adds contrast & water resistance to watercolor prints & makes canvas waterproof. It also provides protection against the harmful effect of UV (ultra violet) light exposure.

## ART TREATMENTS

### Prints with Border:

For a beautiful look, print your image with wide borders. Add a wide border to an Edge Effect or Hand-Torn print for stunning results. Priced by outside dimension of print.

### Hand-Torn

Looks like real Deckle Edges! It takes time and patience to artistically hand-tear your print. We must leave 2 inches of extra paper all around in order to hand-tear a print properly.

### Edge Effect

Choose one of our digital Edge Effects for an artistic treatment to the edges of your image.

1. Scalloped Edge

2. Feathered Edge

3. Soft Vignette Edge

4. Rough Edge
